I'm an engineering undergrad and a programmer with hands-on practice on C and C++. I work as a Web Developer with experience in handling HTML, CSS and JavaScript coding, design and extensions to meet the organization's front-facing internet needs.

I'm also a content writer with a versatile style of writing and proficiency in researching, writing and editing diverse content.

EXPERIENCE

Apr. 2020

FRONT-END WEB DEVELOPER

- Present

- Lead a team to develop a web-based ticket reservation system and thus, reduced the organization's reliance on third-party agents.
- Developing a Django-based restaurant utility system's front-end to make cafes more efficient by replacing conventional waiter-customer model.
- Contributed in developing a website for the college's technical club and helped enhance the UI of the website.
- Entitled as the highest performer in the software development section for the month of June, 2020 by Technights.
- Developed a blog website to regularly post and update readers with my write-ups and content.

Nov. 2019 -
Mar. 2020

EVENT ORGANIZER – STARTUP-GENIX

- Lead a team of 5 co-organizers and 15 volunteers.
- Managed to receive a sponsorship of INR 5Lakhs and mentorship support from iStart, Rajasthan for the event.
- Startup-Genix was a great success and was even featured twice by a local newspaper.

Oct. 2019 -
Present

CREATIVE CONTENT WRITER - FREELANCE

- Gained 185K+ views on Quora in a span of 4 months.
- Won 'Spin a Yarn', which was a literary event held at Indian Institute of Technology, Roorkee.
- Collaborated with an Instagram blogger to write a series of letters under the name 'Will You?'.
- Received a content-writing internship from 'Wise Kreator'.
